

Recognitions section?

At HQ not that we chase accolades but its important to recognise the achievements of HQ Aviation

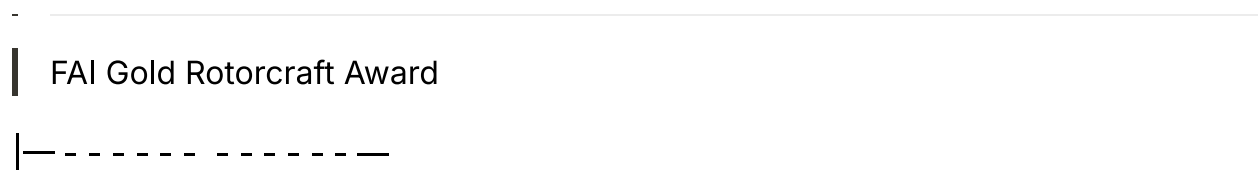

2019 FAI Gold Rotorcraft medal at the AGM of the Helicopter Club of Great Britain.

Monaco Stelios Medal

2x Gold Helicopter Aerobatics

make cards for the achievements instead of a list

inside the new page about the part sales replace this with create an HQ Service Center Account login sign up card (which we will confirm anyone that wants to join) dont worry about that flow for now we will develop it later

sourced and prepared to the highest standards.

reverse these columns

make this part collapsible with a title like, See Where You Can Fly To (something like that, i think its got to be a card that has our aircraft like the choose your aircraft section and on the bottom right there is a

when you hover on these maybe it should say Click to See Trip

Add tracking to the website so we can see what each person clicks on the website

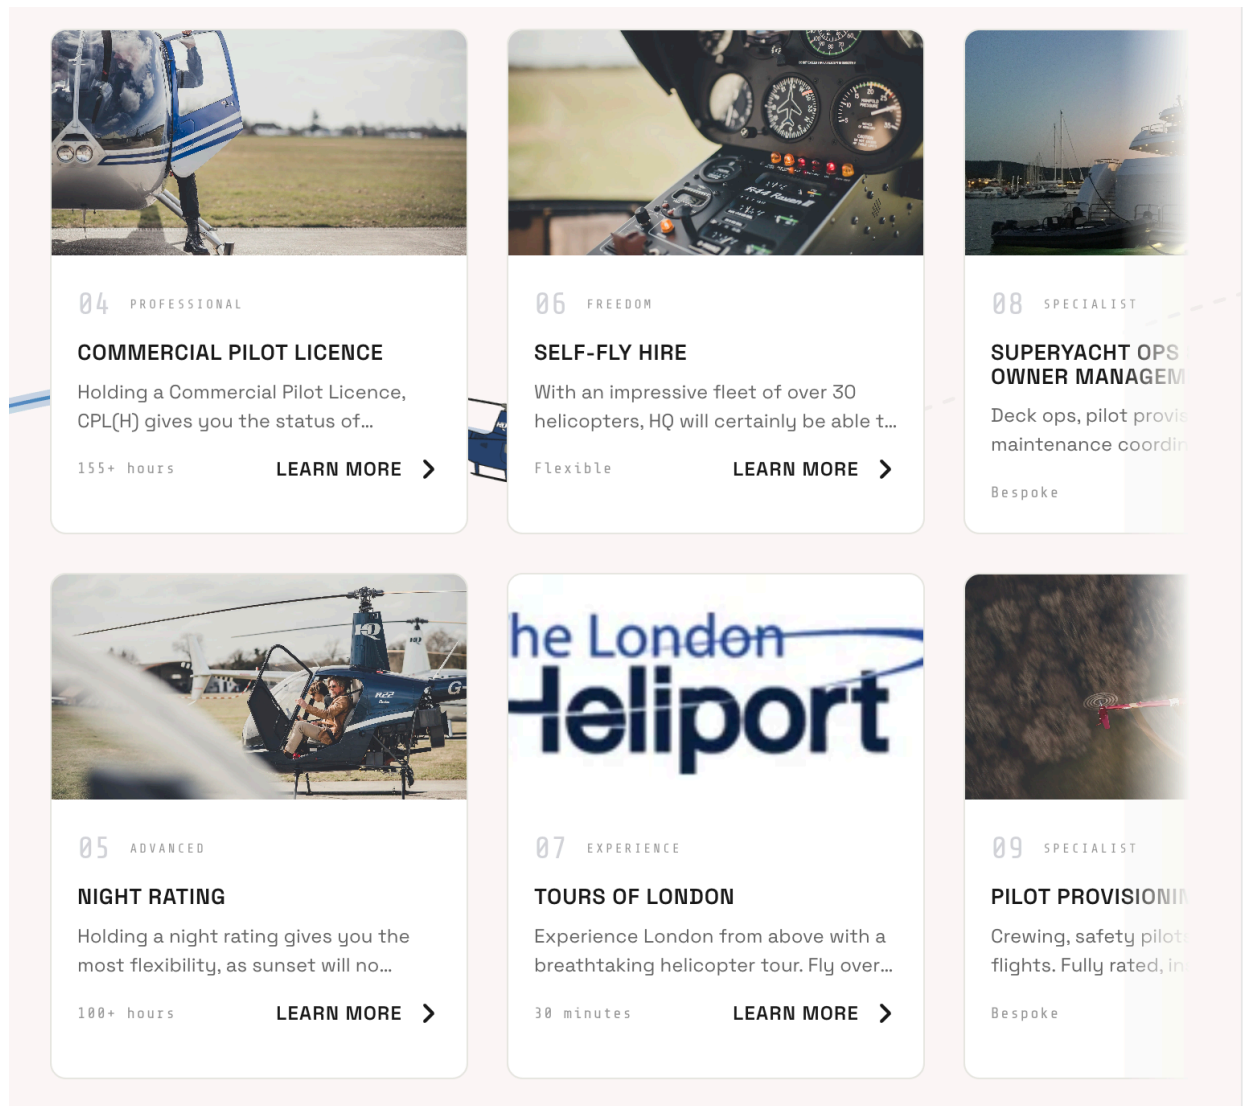

FREEDOM TO FLY YOURSELF ANYWHERE

YOUR AIRCRAFT AWAITS

You've earned your licence. Now use it. Hire from our fleet of R22s, R44s and R66s — fuelled, washed and waiting on the pad for you, ready to go. Fly yourself to lunch in France, a weekend in the Cotswolds, a business meeting across the country, or just flying around for the beauty and fun of it. Available by the hour, day or week. No crew, no waiting, no compromise.

make the title: "Self-Fly Hire: Your Aircraft Awaits"

try putting all this on a grey card the same as for these class="fd-zigzag__item fd-zigzag__item--left"

the scrollpath of the helicopter has to be lower down

CAA APPROVED TRAINING ORGANISATION

EXPLORE OUR FLYING SERVICES

From your first discovery flight to advanced commercial ratings, our experienced instructors guide you every step of the way.

01

FIRST STEP - 1 HOUR

DISCOVERY FLIGHT

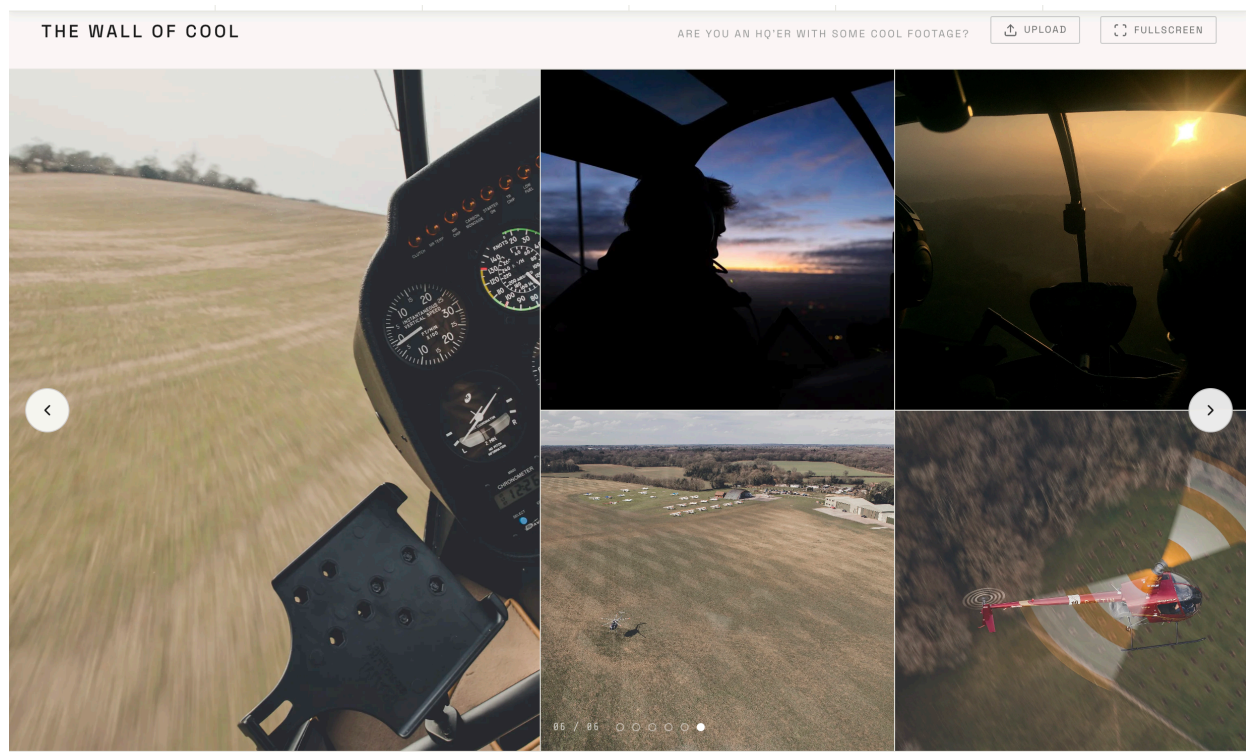

Flying is the ultimate dream pursued by mankind. Should you want to live it for real, the discovery flight will certainly fulfil your expectations: After a pre-flight briefing, you will enjoy a full hands-on flying experience with one of our instructors.

02

the match up isnt perfect, probably if i crop the image so that its a specific point at the top and one on the left or right it'll work and match up perfectly

remove the chevrons just the last column of images should extend past the right side of the screen so that it's obvious you can scroll

need to include a map here `/assets/images/maps/map-of-hq.png` in the clubhouse paragraph below the paragraph and above the divider

DENHAM AERODROME

The Clubhouse

More than a flight school — a place to belong. Leather sofas, expedition memorabilia, and the quiet hum of rotors outside. This is where pilots debrief over coffee, swap stories, and plan their next adventure.

FRIENDLY. RELAXED. WELCOMING.

DENHAM AERODROME

ESCAPE TO THE COUNTRY

Located just inside the M25 on the Buckinghamshire / Greater London border, Denham is uniquely positioned — close enough to the city to be practical, far enough to feel like a different world. Rolling countryside, open skies, and one of England's most charming aerodromes.

25 min FROM CENTRAL LONDON

M25 JUST INSIDE THE ORBITAL

1934 AERODROME ESTABLISHED

with this text as well in the section

As you are scrolling half way through the text transforms into the clubhouse text transforms into the Escape to the country text

remove this from the main body of the website and next to the explore our maintenance button add a button CTA for Explore Our Parts sales. then create a part sales page specifically, this way it declutters the website

ROBINSON PARTS SPECIALISTS

PART SALES

As one of the biggest Robinson service centres in Europe, we have a constant influx of parts and excellent relations with the Robinson factory. Our £500K+ genuine parts inventory spans engine components, airframe parts, consumables, avionics, and accessories — with same-day dispatch available for AOG situations. Our established relationships with specialist freight forwarders mean that whether a part is on the shelf at HQ or shipping direct from the Robinson factory, it won't be sitting in a loading bay for long.
